SUMMARY

I am a learning enthusiast who wants to learn new things and implement them in real life. I am very much interested in full-stack development and Artificial Intelligence. Throughout my coursework, I have developed projects that are aligned with my passion.

EDUCATION:

- CMR Institute of Technology, Bengaluru | BE | Computer Science Engineering | 8.52 CGPA | Pursuing.
- Narayana PU College, Nelamangala | PUC | PCMB | 97.6 %.
- SMVVM High School, Hiriyur | SSLC | 96 %.

TECHNICAL SKILLS:

- Programming Languages: Python, C, Java, C++, Kotlin.
- Frontend: React, HTML, CSS, JavaScript, Bootstrap.
- Backend: Django, PHP.
- Databases : MySQL, PostgreSQL.
- Software: VS Code, Eclipse, Android Studio.

INTERNSHIPS:

Intern – Apex Styles | August 2024 – Currently working

- Developing a portfolio website that reflects our creativity and skills.
- Developing a FAQ page that answers most of the questions that are asked by the customers or website users.

Intern – Internshala | October 2022 – November 2022

• Developed a weather application using Kotlin and XML, designed to provide real-time weather updates and forecasts. Implemented API's for accurate data with user-friendly UI.

PROJECTS:

Full Stack Development Project – Doctors Availability and Appointment System

Tech Stack: Django, RESTful API, Twilio, HTML, CSS, JavaScript

- Designed a website to provide exceptional patient care and streamlined medical operations.
- Integrated Django's built-in authentication system for securing along with Django REST frameworks token authentication for securing API.
- Implemented Role Based Access Control (RBAC) to differentiate between doctor, patient, and admin roles.
- Implemented a SMS sending system using Twilio that improves patient experience by 20%.

DBMS Project - Auditorium Management System

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, Apache server, Xampp

• Designed and implemented an efficient auditorium management application to streamline event planning and coordination. This system features for real-time auditorium booking and monitoring.

AWARDS AND CERTIFICATES:

- Certified by Google for completing the course "AI essentials". | Certificate
- Certified by Smart India Hackathon for participation.
